

WHAT IN THE WORLD IS HAPPENING WITH THE **COLLIERY DAMS?**

**We stand to lose two of the most
beautiful lakes in Nanaimo and our
community is making every effort to stop
that from happening.**

**Fear tactics have been used to convince
people that removing the dams is the
only safe option.**

We strongly disagree.

**There is no reason that they can not be
upgraded to achieve safety, just as
Westwood Lake dam was upgraded.**
